Course Experience

Front-end Developer
Tops technologies-Maninager , 22 july ,2024
Ahmdabad

Responsibilities:

o Detail-oriented and creative Front-end Developer with a strong foundation in HTML, CSS, JavaScript, and modern frameworks like React.js.

o Skilled in building responsive, user-friendly interfaces and optimizing web performance.

o Passionate about delivering seamless user experiences through clean, maintainable code.

o Adept at working in collaborative environments and continuously learning new technologies to stay ahead in the fast-evolving front-end ecosystem."

Achievements:

I have received a certificate for working as a volunteer in Jumbal programming.
It is a good experience for me working as a volunteer.
I guided many students in it and helped them solve their problems.
I felt good when I informed some blank students about what is Jumble programming.
